**Old Business:** David reported on shed status. He said he had no answer on waiver of impact fee, and no answer on the site plan. David made signs for the field and asked if one of the members would hang them at the field one at the strip and one at the gate. There were questions about the holdup of the structure and David replied that the county was holding up the deal. He stated that once the site plan and building permit was ok then he could order the building. He also stated the new tarp was working well. There was a question about the lock and had it been changed, the answer was no it had not been changed. David said we have committed to one shelter but is asking for two to be built.

**New Business:** Ernie asked if the club would like to forgo meeting in July and August due to the small group that comes to the meetings. There was some discussion for and against the thought and a motion was placed on the floor to keep the meetings as is. The motion passed meetings to continue as is.

A member brought up the use of e-calc and how it works to figure out motors, esc, and other equip for your planes. The cost was \$9.00 per year if anyone was interested.
